**Subject:** Re: SUFCO, Construction of Concrete Trash Pit, Task ID #3359

Suzanne, I have reviewed the information submitted by the operator and found it initially complete to conduct a technical review. Carl Houskeeper should be assigned to conduct the engineering review on the concrete non-coal waste structure. I left a message to let him know. thanks Dave

Hello Dave,

You have so many amendments going right now! Anyway, just thought you might like a little reminder that the IR is due on this one this week.

Thanks!  
Suzanne
